Re: Letter of Appreciation

Dear Dr. Raker,

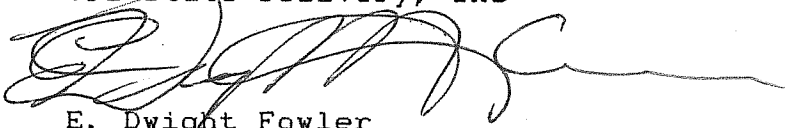

Excellence, to me, is doing your best a little better.

Excellence describes the service that Tri-State Delivery and our employees have received on our D.O.T. Physicals and Drug Screens from you and your cordial and professional staff.

We also appreciate the expeditious way you handle our employees and the quickest turn around time that we have experienced on Drug Screens.

Please accept these compliments and pass them along to your staff from a very satisfied customer.

Best Regards,
Tri-State Delivery, Inc
